APPENDIX M #1

Reasonable Distance, Recertification Period, Family Share, Very Low Income, Federal and Local Priorities (Required)

I. Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

1. The following defines “reasonable distance”:

In the geographically remote areas of the county it is reasonable to expect a 1-1 1/2 hour long commute to an employer (one-way). The townships that this definition would cover are not currently serviced by daily public transportation and would include: Jefferson, Broome, Seward, Sharon, Gilboa, Conesville, Summit, Blenheim, Wright and the outlying areas of Middleburgh and Cobleskill. This one-way estimation would include the time to commute to a day care setting, and is based on normal road conditions. In the more centralized areas of the county, a reasonable commuting time of 1/2 hour to 1 hour (one-way). Daily public transportation services these areas: the villages of Cobleskill, Middleburgh, Richmondville, and Schoharie. This reasonable commuting time estimation would also include any residence up to 1-mile walking distance to the bus route (generally the main corridors of the county: Routes 7, 30, 145). The Schoharie County Public Transportation system will pickup/drop off an individual within 1 mile of the regular route with advance notice. The bus also has a "transfer" system in place to allow individuals to make a stop and then continue on the next bus without incurring a double fare.

2. Describe any steps/consultations made to arrive at your definition:

We considered locations where clientele currently reside, employment opportunities, bus routes and location of providers.

II. Recertification Period

The district’s recertification period for low income child care cases is every (select one):

six months twelve months

III. Family Share

“Family Share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the district 35%.

Note: *The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).*

IV. Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 100% of the State Income Standard.

SCHOHARIE COUNTY – 2017 APU**V. Federal and Local Priorities**

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

a. Very low income as defined in Section IV: Rank 1 Rank 2 Rank 3

b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care: Rank 1 Rank 2 Rank 3

c. Families with incomes up to 200% of the State Income Standard that are experiencing homelessness: Rank 1 Rank 2 Rank 3

2. Does the district have local priorities?

Yes No

If yes, list below and rank beginning with Rank 4.

APPENDIX M #2

Case Openings, Case Closings, and Waiting List (Required)

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. **After the federal and local priorities**, identify the basis upon which the district will open cases if funds become available. Check only **ONE** of the options listed below and describe the process for opening.

1. Open based on **FIRST COME, FIRST SERVED**.
2. Open based on **INCOME**. Check one of the boxes below:

Describe the criteria the district will use to select cases to be opened:

II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. **After the federal and local priorities**, describe the basis upon which the district will close cases if sufficient funds are not available.

If no priorities are established beyond the federally mandated priorities and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Check only **one** of the options for closing listed below and describe the process for closing.

1. Close based on **AMOUNT OF TIME** receiving child care services.

Check **one** of the boxes below:

5. Close based on **OTHER CRITERIA**.
Describe the criteria the district will use to select cases to be closed:

III. Waiting List

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

- No.
- Yes.

APPENDIX M #3

Fraud and Abuse Control Activities and Inspections (Required)

I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district's front-end detection system.

Consistent with our approved FEDS Plan, Schoharie County DSS will use the following criteria to determine which cases are referred for a FEDS review: If the applicant/recipient states they are working off the books currently or in the past. The applicant/recipient states that they are self-employed but without adequate business records to support financial assertions. Documents or information provided are inconsistent with the application. There is a history of denials, case closings, or overpayments resulting from prior investigation. The application omits absent parent information, or the information is inconsistent with the application.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Schoharie County will recertify 100% of the daycare cases every six months.

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

As cases are selected by OCFS for quarterly audit the Schoharie County DSS will use that survey sample as a basis for comparison. The department will review submitted documentation provided by the provider relative to attendance by the subject children. Those attendance records for the quarter will be compared with Child and Adult Care Food Program inspection forms to verify attendance.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections *prior to subsidized children receiving care* of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

SCHOHARIE COUNTY – 2017 APU

- Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
- Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

Therefore, any local equivalent forms a district wishes to establish or renew must be included in this plan and will be subject to review and approval by OCFS.***

If the district elects to use the OCFS-6025, *Application for Child Care Assistance*, and makes no changes other than adding the district name and contact information, the district only needs to inform OCFS DCCS that it will be using the OCFS-6025.

List below the names and attach copies of the local equivalent form(s) that the district would like to use.

Schoharie will use the OCFS-6025.

APPENDIX Q

Additional Local Standards for Child Care Providers (Optional)

I. The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies issued by the district. This appendix must be completed for **each** additional local standard that the district wants to implement.

The district must coordinate with the local Enrollment Agency, including, but not limited to:

- Informing the Enrollment Agency of the intent to request an additional standard.
- Developing the stepwise process referenced in Question 5.
- Ensuring that no significant burden of work shall be incurred by the Enrollment Agency as a result of the additional local standard, unless such work is addressed in a separate contract or a formal agreement is in place, which are referenced in Question 3.
- Sharing any consent/release form that may be required.
- Keeping the Enrollment Agency informed of the approval status.

1. Check or describe in the space provided below the additional local standards that will be required of child care providers/programs.

- Verification, using the district's local records, that the provider has given the caretaker complete and accurate information regarding any report of child abuse or maltreatment in which he or she is named as an indicated subject
- Local criminal background check
- Require providers caring for subsidized children for 30 or more hours a week participate in the Child and Adult Care Food Program (CACFP). *Note that districts are required to notify the Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, of all providers on the referral list for whom the requirement is "not applicable."*
- Site visits by the district
- Other (please describe):

2. Check below the type of child care program to which the additional local standard will apply and indicate the roles of the persons to whom it will apply in cases where the standard is person-specific.

- Legally-exempt family child care program. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer
 - Provider's household member age 18 or older
- Legally-exempt in-home child care program. Check all that apply.

SCHOHARIE COUNTY – 2017 APU

- Legally-exempt group provider/program operating under the auspices of another government or tribal agency. Check all that apply.
- Provider/Director Provider's Employee Provider's Volunteer

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district's jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

Note: *The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is "not applicable" to the specific provider/person named on the referral list.*

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

- a. The district will not apply this additional local standard when the applicable person *resides* outside of the subsidy-paying district.
- b. The district will not apply this additional local standard when the *program's site of care is located outside* of the subsidy-paying district.
- c. The district will not apply this additional local standard when *the informal provider is younger than 18 years* of age.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

- Local social services staff
Provide the name of the unit and contact person:

Family and Children's Services Unit, Debra Cain

- Contracted agency
Provide the name of the agency and contact person:

4. Are there any fees or other costs associated with the additional local standard?

- Yes No

Note: *Costs associated with the additional local standard cannot be passed on to the provider.*

5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been "met," "not

SCHOHARIE COUNTY – 2017 APU

met”, or is “not applicable”, and monitor its timeliness. Include all agencies involved and their roles. Note that the district’s procedures must be in accordance with 12-OCFS-LCM-01.

The district will include a release form in the enrollment packets it distributes to parents which will allow the Schoharie County Department of Social Services to conduct a check of the local child welfare records related to the child care attestations for the sole purpose of verifying the accuracy of the information submitted to the parent/caretaker per 18 NYCRR (f)(7)(ii). The individuals specified in question #2 above will be asked to sign the release. The records check will be required only for the types of child care specified in question #2 and will be required only to persons in the roles specified in question #2.

The signed release(s) specified in question #2 is/are *required*, for all persons in the roles specified, for the enrollment packet to be considered complete. If any of the individuals checked in question #2 above refuses to sign the release, which would allow Schoharie County Department of Social Services to review only the existing local child welfare records related to the child care attestations, the enrollment package will be considered *incomplete* and the enrollment process cannot move forward and will be *withdrawn* by the enrollment agency in accordance with State policy.

To initiate the additional standards check, per 12-OCFS-LCM-01, the Child Care Facility System will automatically generate the E-Notice, LE-CCFS LD-003 Legally-Exempt Additional Standard Referral Notification, to inform the local district that the additional standards check must be conducted. The designated district must run the CCFS report, LE Additional Local Standard Referral List to obtain the list of persons in informal programs (as specified in question # 2 above) for whom Legally Exempt Additional Standard(s) Review(s) must be conducted and other pertinent information.

The local district will conduct the check of the local database to determine whether an individual checked in question #2 above is an indicated subject of a child abuse or maltreatment report. When the local records check reveals that an individual specified in question #2 above is an indicated subject of a child abuse or maltreatment report the proposed child care provider will be required to submit to Schoharie County Department of Social Services a copy of the written statement provided to the parent/caretaker concerning the indicated incident(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider.

If the information regarding the indicated child protective report submitted by the provider does not substantially correlate with the information obtained during the local records check related to the child care attestations, the Schoharie County Department of Social Services will notify the provider that he or she has ten (10) calendar days to clarify the discrepancies in the information submitted to the district and parent/caretaker. Within the ten (10) calendar day period the provider must submit information to Schoharie County Department of Social Services and the parent/caretaker that either substantially correlates with the information obtained by the district's local database check of the records related to the child care attestations or the provider submits information to the district which documents that the information obtained from the local database check of the records related to the child care attestations is inaccurate. If the provider fails to clarify the discrepancies the Schoharie County Department of Social Services will notify the Enrollment Agency that the additional standard *has not been met*.

If the information regarding the indicated child protective report submitted by the provider to the parent/caretaker and the local district correlates with the information obtained from the

SCHOHARIE COUNTY – 2017 APU

local database check and the parent/caretaker still chooses to use the provider, the Enrollment Agency will be notified that the additional standard *has been met*.

Within 25 days of the date of the referral, the local district will notify the Enrollment Agency in writing using the OCFS 2114 of the local district determination as follows:

The additional standard is met when:

- The local records check is conducted as specified in question # 5 and no record is found
- The local records check is conducted, a record is found and the district determines that the provider has given the parent/caretaker true and accurate information regarding any indicated reports applicable to the persons specified in question 2.

The additional standard is not met when:

- The local records check is conducted as specified in question # 5, a record is found and the district determines that the provider has NOT given the parent/caretaker true and accurate information regarding any indicated reports applicable to the persons specified in question 2.

The district will maintain a file, which documents how the determination was made as to whether or not the additional local standard has been met.

6. Indicate how frequently the additional local standard will be applied. Answer both questions.

a. The Standard will be applied:

- i. At initial enrollment and re-opening
- ii. At each re-enrollment

b. The district will assess compliance with the additional local standard:

- i. *During the enrollment review period*, and, the district will notify the Enrollment Agency of the results within 25 days from the E-Notice referral date.
- ii. *During the 12-month enrollment period*, and, the district will notify the Enrollment Agency of the results promptly. Note that this option is always applicable to an additional local standard requiring participation in CACFP.

7. Describe the justification for the additional local standard in the space below.

The local district wants to make sure that providers have told parents/caretakers about known child protective histories for themselves and any other persons specified in # 2.

The additional standard supports 18 NYCRR (f)(7)(ii), a State requirement for enrollment which requires the provider and relevant site persons have given the parent true and accurate

SCHOHARIE COUNTY – 2017 APU

information regarding indicated child protective reports. The additional standard verifies the provider is telling the truth on the enrollment form. This promotes safer child care for children by verifying that true and accurate information about a caregiver's history has been shared with the child(ren)'s parent/caretaker.

III. Enhanced Market Rate for Legally-Exempt Family and In-Home Child Care Providers

1. Indicate if the district is electing to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have completed 10 or more hours of training annually and the training has been verified by the legally-exempt caregiver enrollment agency.
