APPENDIX M

Reasonable Distance, Very Low Income, Family Share, Case Closing and Openings, Recertification Period, Fraud and Abuse Control Activities, Inspections (Required)

Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

The following defines “reasonable distance”:

One and one half hours commute each way

Describe any steps/consultations made to arrive at your definition:

This timeframe was determined by considering the time it take for an individual to travel from outer most part of the northern region of Westchester County to the most southern region that borders Bronx, NYC. The analysis included various modes of transportation supported by information gather from the trip planner application provider by the Bee Line system, Metro North and MapQuest. This reasonable distance determination would allow ample time and distance opportunities for all persons seeking work within Westchester County and the surrounding areas, Bronx and parts of Connecticut.

Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 175% of the State Income Standard.

Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county: **27%**

Note: The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

3. If all NYSCCBG funds are committed, case closings for families that are not eligible under a child care guarantee and are not a federally mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time the family has received child care services, but must be consistent for all families.

WESTCHESTER COUNTY – 2014 APU**Fraud and Abuse Control Activities**

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district's front-end detection system.

When the Childcare Subsidy Unit worker receives a complete application, and there is an indicator present, the case will be referred to the Audit & Review Unit within 2-3 business days. The Childcare Subsidy Unit (CCSU) worker will complete the Childcare FEDS Referral Form (copy attached) for every application submitted for Childcare Subsidy Assistance. When one or more indicator is identified, the eligibility worker in CCSU will schedule an appointment for the applicant to be seen by the BCR Audit & Review Unit in 7 days. After scheduling the appointment, the Childcare Subsidy Unit worker will mail the appointment letter to the customer and scan all documents. The Childcare Subsidy Unit will forward a list to BCR Audit & Review Unit via e-mail of all Childcare FEDS appointments scheduled that day.

Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Concerning a specific sampling methodology for the cases indicated above, the unit strives to audit all current child care subsidy situations that it can identify. This is accomplished by regularly reviewing the aforementioned report. Cases that have been investigated within the past 90 days are excluded from current audits. All others are subject to possible review.

Verification of participation in any required activities (other than employment) is generally applicable only on TA cases, as Child Care Subsidy Assistance service cases rarely involve customers who require such assistance for reasons other than work-related needs. Whenever applicable, however, the unit investigators will verify the current compliance status of all customers who are obligated to participate in any required activities.

Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

The sampling methodology pertaining to the determination of which caregivers of subsidized child care services will be reviewed by the Audit & Review Unit of BCR is similar to that of the child care subsidy cases described above. The unit strives to review all such caregivers, in turn, by identifying them via lists obtained or derived from several sources. In addition to the lists of currently contracted providers compiled each year in the agency's Central Office, a list of non-contracted providers has been assembled by the members of the A&R Unit.

Careful review of the caregiver's attendance forms and other related documents to verify whether or not child care was actually provided on the days listed on the attendance forms is being done on all applicable providers. Currently, A&R Unit staff is auditing 40% of all subsidized child care slots when the number identified is ten or more for any provider, and 100% of those that number is less than ten in the period selected for audit.

WESTCHESTER COUNTY – 2014 APU

With regards to section 415.4 subdivision (m)(3), the Audit and Review Unit will compare the attendance records of the providers reviewed each month with child and adult care food program inspection forms were available.

Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of a provider/program that provides child care for subsidized children for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district Per 18 NYCRR 415.4(h) (3). Note: Costs associated with the additional standard cannot be passed on to the provider.

5. **Describe the steps for evaluating whether the additional local standard has been met.**

Providers of legally exempt child care and all household members, 18 years of age and older will be asked to sign a release which will allow the Westchester County Department of Social Services to conduct a local child welfare database check of the records related to the child care attestations for the sole purpose of verifying the accuracy of the information submitted to the parent/caretaker. Household members 18 years or older will only be required to complete the release when care is not in the home of the child.

If a legally exempt provider or household member refuses to sign the release, which would allow Westchester County Department of Social Services to review only the existing local child welfare records related to the child care attestations, the enrollment package will be considered incomplete and the enrollment process cannot move forward and will be withdrawn by the enrollment agency.

When a local database check of the records related to the child care attestations reveal that a legally exempt provider and/or household member(s) age 18 years of age and older are an indicated subject of a child abuse or maltreatment report the proposed provider will be required to submit to Westchester County Department of Social Services a copy of the written statement provided to the parent/caretaker concerning the indicated incident(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider.

If the information regarding the indicated child protective report submitted by the provider does not substantially correlate with the information obtained from the local database check of the records related to the child care attestations the Westchester County Department of Social Services will notify the provider that they have ten (10) calendar days to clarify the discrepancies in the information submitted to the Division and parent/caretaker. Within the ten (10) calendar day period the provider must submit information to Westchester County Department of Social Services and the parent/caretaker that either substantially correlates with the information obtained by the Division's local database check of the records related to the child care attestations or the

provider submits information to the Division which documents that the information obtained from the local database check of the records related to the child care attestations is inaccurate. If the provider fails to clarify the discrepancies the Westchester County Department of Social Services will notify the Enrollment Agency that the additional standard has not been met.

If the information regarding the indicated child protective report correlates with the information obtained from the local database check and the parent/caretaker still chooses to use the provider, the Enrollment Agency will be notified that the additional standard has been met.

6. Indicate how frequently reviews of the additional standard will be conducted. Check all that apply.

Legally-Exempt Programs:

 Re-enrollment Other

7. **In the space below, described the procedures the district will use to notify the Legally-Exempt Caregiver Enrollment Agency (EA) as to whether the legally-exempt provider is in compliance with the additional local standards. Districts must notify the EA within 25 days from the date they received the referral from the EA. (Districts need to describe this procedure only if the additional local standard is applied to legally-exempt child care providers.)**

Once our Department has determined whether or not the additional local standard has been met using the procedures outlined in number five our Department will notify the Enrollment Agent in writing if the additional local standard has been met or not met. The district will maintain a file, which documents the information used to determine whether or not the additional local standard has been met.

8. **Describe the justification for the additional standard in the space below.**

To ensure information that could affect the safety of the children in legally exempt childcare settings is shared.

The Department of Social Services wants to make sure that providers have told parents about known child protective histories for themselves and any adults 18 years or older residing in the provider's home where child care is to take place.

In rare situations, providers are deemed unsafe to be around any children by the Family and Children Services Units due to a serious child abuse history and the Department wants to make sure parents have a chance to make educated decisions about using providers.

The district will include the following in the CCSU (check all that apply).

- 19-year-olds
- 20-year-olds

Describe the criteria your district will use to determine whether or not 18-, 19-, or 20-year olds are included in the CCSU.

Child Care eligibility cannot be adversely affected; parent share cannot be greater than without including these additional household members

Waivers

Districts have the authority to request a waiver of any regulatory provision that is non-statutory. Describe and justify why your county is requesting a waiver.

1. Flexibility in eligibility periods: For Baby Steps Forward (BSF) participants only, waive 18 NYCRR sec. 404.1(d) which requires that redetermination be made not less than every 12 months.

The waiver will allow districts to match child care eligibility periods to the Early Head Start Child Care Partnership program period regardless of disruption in the parent’s eligibility.

WESTCHESTER COUNTY – 2014 APU

This waiver applies only to the children participating in an Early Head Start-Partnership BSF program and not to other children who may be receiving child care services in the same household. If there are other children receiving child care subsidies in the same household, changes impacting eligibility MUST be reported to WCDSS.

2. Flexibility in reporting changes in family circumstances: For Baby Steps Forward (BSF) participants only, waive 18 NYCRR sec. 415.3(b) which requires applicants and recipients are responsible for providing accurate, complete and current information regarding family income and composition, child care arrangements and any other circumstances related to the family's eligibility for child care services, and for notifying the social services district immediately of any changes in such information.

This waiver would relax the income documentation/verification requirement and revise the redetermination process to relax/eliminate the need for parents to report even small changes in their circumstances that lead to a loss of eligibility for child care. This waiver would pertain if the parent only* has a child or children participating in an Early Head Start Partnership BSF program.

*This waiver would NOT apply to households that move out of Westchester County. The household MUST inform WCDSS when it moves out of Westchester County. *Households with additional children in the household receiving subsidies who are not participating in the Early Head Start BSF program would continue to be required to report all changes impacting eligibility.*

Breaks in Activities

Districts may pay for child care services for low income families during breaks in activities either for a period not to exceed two weeks or for a period not to exceed four weeks when child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period. Indicate below if your county will make such payments (check one).
