Commissioner

March 29, 2022

Dear Chief Executive Officer,

Thank you for submitting Chenango County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2021-2022. Your entire STSJP plan, including any amounts listed for PY 2021-2022 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2022, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2021 to September 30, 2022. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

NOTE: Cooperative Applications Submitted Jointly by Two or More Counties

Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. MUNICIPALITY LEVEL ANALYSIS

1. (a) Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS), enter the youth justice system, are remanded to detention, and/or are residentially placed; and (b) Discuss what factors may be contributing to these high numbers:

Chenango County has a small number of youth who would fit into the above listed populations. Chenango County has two communities with the highest numbers of YO, AO, JO, JD, and PINS population. They are the two larger municipalities within the county, Norwich and Sherburne. Norwich (13815) is the county seat and has an approximate population of 6540 people. The town of Sherburne (13460) has an approximate population of 1307 people. These two school districts refer the most children for PINS Diversion Services. The population density in these areas may play a role. The youth's lack of involvement in the school community and the community in which they reside is also a factor contributing to their status.

2. Resources available at the following link can help you answer these questions:

<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan.)

Race/Ethnicity	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	178	2	0	0	0	0
White	9,069	93	2	100	1	100
Native American/Alaskan	37	0	0	0		
Asian/Pacific Islander	68	1	0	0		
Hispanic	365	4	0	0	0	0

Sex Assigned at Birth	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	4,972	51	2	100	1	100
Female	4,745	49	0	0	0	0

b) If you identified any disparities when comparing youths' representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

There is no disparity.

B. LOCAL COLLABORATION

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

The Chenango County Department of Social Services is responsible for writing this plan. We are also the lead agency in PINS Diversion. The department is in constant contact with the Probation Department and has access to all petitions the Probation Department files in regards to youth. The Place administers the below listed programs and assists in writing of the application. The department has strong collaborations with the local school districts as well and we communicate frequently with each other.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Yes. At the end of the sessions, participants are asked for their biggest take aways. Parent participants are asked to submit evaluations/take aways after each class session. Youth are asked to write their biggest take-away at least 5 times during the 10 classes. Staff members also record feedback during class sessions.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the municipality implementation plan to develop such feedback mechanisms during PY 2021-2022.

For both groups, feedback that is collected is used in multiple ways. If additional information is needed for emphasizing a particular point, the subject can be revisited the following class. If a particular approach/activity or speaker was not effective, adjustments are made for the next session of classes.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes No

If yes, please describe how the plan incorporates that feedback; if no, please describe the municipality implementation plan to develop such feedback mechanism during PY 2021-2022.

Chenango County has a System of Care team in place. We will seek out their support in canvassing the communities in-put. We'll work to develop a survey to assess the community needs and develop ways to incorporate those issues within the classes.

C. COOPERATIVE APPLICATION (COMPLETE THIS SECTION ONLY IF THIS IS A JOINT APPLICATION.)	
1. Describe the provisions for the proportionate cost to be borne by each county.	
2. Describe how personnel will be compensated across and between counties in the cooperative:	
3. Will a single fiscal officer be the custodian of the funds made available for STSJP? <input type="checkbox"/> Yes (If Yes, please provide their contact details below.) <input type="checkbox"/> No (If No, skip to Q4.)	
Officer's Name:	Title:

If you selected Indirect Services, please list them. (Please refer to the STSJP Annual Plan Development Guide for additional guidance.)

This program is evidenced based modular curriculum designed to decrease maladaptive and difficult behaviors while increasing youth success. The authors of the program state, "The WhyTry Program is a resilience education curriculum that provides simple, hands on solutions for drop out prevention, violence prevention, truancy reduction, and increased academic success." The curriculum is designed to prevent youth at high risk of entry into the juvenile justice system by assisting them in developing positive role models to turn to and multi sensory approaches to teaching the concepts.

5. Is the program capable of being replicated across multiple locations? Yes No

C. PROGRAM 1 PERFORMANCE HISTORY (REFER TO YOUR MUNICIPALITY'S STSJP DATA FILES.)

1. What, if any, funding did this program receive in PY 2020-2021? If the program was approved in PY 2020-2021, but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type								Total
	P	EI	ATD/ATPDP				ATP	R/A	
			(PINS)	(JO/JD)	(JD-RTA)	(AO)			
STSJP	6								6
STSJP-RTA									
Total	6								6

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:

It is our hope and intent to meet and exceed the budgeted capacity, however the pandemic has created and may continue to pose unforeseen challenges in doing that.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type							
	P	EI	ATD/ATPDP				ATP	R/A
			(PINS)	(JO/JD)	(JD-RTA)	(AO)		
STSJP	63.00							
STSJP-RTA								

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The full length of stay for Why Try is 70 per participant. The average length of stay of 63 is a responsible length of stay, given the circumstances that we ended the recording period in (pandemic).

6. Will this program's outcomes meet the PY 2020-2021 projected goals by 9/30/2021?

Yes (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2020-2021? (b) How will they be met?

Youth were able to connect with facilitators and thereby develop a trusting relationship and resources to be able to work through concerns/problems. Youth also demonstrated increased awareness, positive changes, and an increase in self motivation. These positive changes were demonstrated by attendance, active participation, and the positive interactions between youth and facilitators.

8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.

Although we will be very close to the projected number of youth that we had hoped to reach, due to the pandemic we were not able to meet the projected number.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2021-2022?

Although we can not control the pandemic, we hope that our community will be healthy enough to continue returning to a "normal" lifestyle pattern. Additionally, we hope that by increasing marketing and networking efforts and additional communication with school officials and other CBO staff members, the program enrollment numbers will increase to 25 youths.

Participant evaluations and feedback offered support that they experienced an increase in self confidence and in handling conflict. Youth had no PINS referrals or arrests during the program. Youth expressed confidence in identifying an accessible positive role model. Youth attended 90% of programming and complied with rules.

8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.

Due the continued concerns with the pandemic, we were not able to reach the projected number of participants that we had hoped for. Although we were able to move the live classes to a virtual venue, individuals did not participate either because of lack of internet service at their home or they were uncomfortable with the virtual format.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2021-2022?

3. Based on the program's record of youth served (Q2), do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:
 As a result of the pandemic and the modality of how schools delivered lessons, we found many unforeseen challenges. We hope to service 5 youth by 9/30/2021.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

 Yes (If Yes, skip to section D.) Partially No
7. (a) What outcomes are on track to meet the goals set for PY 2020-2021? (b) How will they be met?
 Youth had no PINS referrals, truancies, or school suspensions during program. Youth were able to identify at least one accessible, positive role model connection.
8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.
 Due to the pandemic, we were not able to reach the projected number of participants that we hoped for.
9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2021-2022?
 Although we can not control the pandemic or the modality that schools plan to roll out their services, we hope that by increasing marketing efforts and additional communication with school officials and other CBOs in our community, the enrollment numbers will increase. We will also plan to offer this class virtually, if that is necessary.

PART III – Goals for PY 2021-2022

Please set the municipality's goals for its programs to achieve in PY 2021-2022. Goals should reflect high, yet realistic, expectations for the programs.
